

SECH designs, develops and supplies customized energy storage and power delivery solutions for applications in automotive, mass transportation, electricity generation and distribution as well as industrial markets.

We aim to work in close cooperation with our customers to develop ultracapacitor based energy storage products and solutions. Our approach towards customers is characterized by the following two statements: **We offer solutions** and **we keep it simple!**

For our location in Villaz-St-Pierre, we are looking for a

Quality Manager (w/m)

Your mission

Make the most of your wealth of skills at a leading company supplying energy storage and power delivery products to the automotive, transportation, renewable energy and grid industry, which relies on the quality of its employees to tirelessly perpetuate the quality of its products and applications

Your main activities

- Manage all quality related topics with customers in various industry sectors, especially in automotive
- Ensure a close collaboration and communication with our production partners in Asia
- Support our partner companies during customer audits and quality related topics
- Manage internal quality audits and contribute to the resolution of organizational issues
- Ensure a smooth operation and maintenance of the quality management system
- Manage quality documentation
- Contribute to the formalization of processes related to the company's various activities
- Manage and track QMS actions and NCRs

Your profile

- Ideally degree in Engineering, Electromechanical or Electrical background, Applied Physics, or related fields
- Mastery of VDA-, ISO-, TS16949-quality standards
- Quality manager TQ3
- 3 to 5 years working experience in a similar position, ideally in the automotive/industrial sector
- Technically oriented, with excellent problem-solving capabilities
- Strong interest in all aspects of company organization and quality management systems
- Dynamic, autonomous, reliable, organized and team player with a readiness for frequent international travels
- Can work independently and under pressure to provide competent solutions to customers
- Advanced English and German mandatory, French could be an asset
- Good interpersonal and communication skills

What we offer

With trendsetting products, we offer you an interesting challenge in a young, dynamic company in French-speaking part of Switzerland, with a modern infrastructure and management.

Starting date

Effective immediately or by appointment.

Excited? Then take your chance and apply! We look forward to your complete online application.
